Completed general secondary education with emphasis on academics and extracurricular development.

EXPERIENCE

2024 - 2025
Yngen Datacom Corp.

Associate Image Processor (Data Annotator)

- Performed data annotation for autonomous driving projects, specifically labeling and classifying lane types (e.g., bus, bike, tram, suicide lanes) using polygon tools.
- Ensured accuracy, consistency, and quality of labeled data following project guidelines.
- Collaborated with team members to meet deadlines and maintain high-quality standards.
- Assisted in reviewing, validating, and updating annotated data for AI and machine learning models.

November 2019 -
December 2019
Entrepreneur Bank

On-The-Job Training

- Assisted in basic clerical and administrative tasks such as filing, organizing documents, and encoding data.
- Supported the staff in daily banking operations and observed standard financial procedures.
- Gained foundational knowledge in customer service, financial managements, and business operations.

February 2026 -
October 2026
Teleperformance

Content Moderator

- Assisted in reviewing and moderating user-generated content to ensure compliance with community guidelines and platform policies.
- Supported the team in flagging, escalating, and documenting violations, maintaining accuracy and consistency in daily moderation tasks.
- Gained foundational knowledge in content policy enforcement, digital safety standards, and online platform operations.

PROJECTS

- **PLMUN WASTEWISE**

PLMUN WasteWise – A waste management system with an IoT-connected trash can that detects and classifies waste (plastic, metal, wet) and integrates with a mobile app to promote proper segregation on campus.
